Mr. Charles R. Quinones, President
Security Police Officers Association

RE: OVERTIME CALCULATION

Dear Mr. Quinones:

During the current negotiations we agreed that for the duration of the new labor agreement should the Laboratory change the calculation of hours worked for the purpose of overtime pay from hours worked in excess of forty (40) in a workweek to hours worked after eight (8) in a day, the Laboratory will change Article 30: "Overtime" to reflect this change.

James L. Cain
Office of Staff Relations
