

# Annual Financial Report

*of the University of California  
Retirement System*

**DEFINED CONTRIBUTION PLAN AND TAX-DEFERRED 403(b) PLAN  
YEAR ENDED JUNE 30, 2000**

*UCRS Plan Administration*

## SUMMARY STATEMENT

This report contains information about the University of California Defined Contribution Plan and Tax-Deferred 403(b) Plan for the fiscal year ended June 30, 2000, and includes audited financial statements. Significant statistics relating to both plans and their participants as of the 1999–2000 fiscal year end are as follows:

Net assets	\$8,413,543,000
Total contributions	\$554,192,000
Net dividend and interest income	\$370,625,000
Plan administrative expenses	\$9,391,000

### DEFINED CONTRIBUTION PLAN

#### Active Plan Participation

##### Pretax Account:

Senate Faculty and Non-Faculty Academics	11,443	participants
Management/Senior Professional	17,475	participants
Professional/Support Staff	62,100	participants
Hastings College of the Law	191	participants
• Average Pretax Account monthly contribution	\$74	
• Average Pretax Account value	\$6,617	

##### Safe Harbor:

UC	38,067	participants
Hastings College of the Law	102	participants
California State University	1,277	participants
• Average Safe Harbor monthly contribution	\$108	
• Average Safe Harbor Pretax Account value	\$2,074	

##### After-Tax Account:

Senate Faculty and Non-Faculty Academics	254	participants
Management/Senior Professional	982	participants
Professional/Support Staff	413	participants
• Average After-Tax Account monthly contribution	\$521	
• Average After-Tax Account value	\$30,491	

**Inactive Plan Participation** 180,203 participants

### TAX-DEFERRED 403(b) PLAN

#### Active Plan Participation

Senate Faculty and Non-Faculty Academics	3,838	participants
Management/Senior Professional	28,698	participants
Professional/Support Staff	8,926	participants
Hastings College of the Law	85	participants
• Average percent of salary contributed	9%	
• Average monthly contribution	\$436	
• Average Plan account value	\$27,234	
• Outstanding Loan Program loans	9,886	
• Average outstanding loan balance	\$6,845	
• Aggregate outstanding loan principal	\$67.7	million

**Inactive Plan Participation** 41,826 participants

## PLAN OVERVIEW AND ADMINISTRATION

The University established the Defined Contribution Plan (the DC Plan) and the Tax-Deferred 403(b) Plan (the 403(b) Plan) to complement employees' University of California Retirement Plan (UCRP) pension benefits. The plans cover virtually all employees of the University of California, its affiliate, Hastings College of the Law, and Associated Students of UCLA. The plans are defined contribution plans described under §401(a) and §403(b) of the Internal Revenue Code (IRC).

Benefits from the DC and 403(b) plans are based on participants' mandatory and voluntary contributions, plus earnings, and vesting is immediate. While their savings accumulate, employees enjoy significant reductions in their personal income taxes due to the plans' tax-deferred design.

A defined contribution plan was first made available to University employees through the Supplemental Retirement Program in 1967, in which employees could invest after-tax contributions in two University-managed annuity funds. Two years later, the 403(b) Plan was added for voluntary pretax savings. Over the years, Plan features have been expanded to include:

- six University-managed investment fund options for building retirement savings;
- externally managed mutual fund investment options;
- a Loan Program, through which participants can borrow their 403(b) Plan savings; and
- money management flexibility in line with ERISA §404(c) regulations.

Currently, all contributions are deducted from participants' wages; there are no matching employer contributions.

The President of the University of California is the Plan Administrator of the plans and delegates the responsibility for the day-to-day management and operation of the plans to the University of California Human

Resources and Benefits department. This department conducts policy research, implements regulations to preserve the plans' qualification and/or tax-deferred status with the Internal Revenue Service, and provides participant recordkeeping, accounting, reporting, and receipt and disbursement of Plan assets to eligible participants.

### PLAN PROGRESSION

1967	Supplemental Retirement Program established with Fixed (Savings) and Variable (Equity) annuity investment options.
1969	Tax-Deferred Annuity Plan (the 403(b) Plan) established for investment of pretax contributions in Fixed and Variable annuities.
1978	Variable Bond Fund added to annuity investment options.
1985	Money Market and Insurance Company Contract funds added as University-managed investment fund options.
1986–87	Mutual fund investment options offered through Fidelity Investments and Calvert Social Investment Fund to 403(b) Plan participants. 403(b) Plan Loan Program established under IRC §72(p).
1990	Multi-Asset Fund added as sixth University-managed investment fund option. DC Plan expanded to accept mandatory pretax contributions from UCRP members.
1991	Part-time employees at UC and at California State University (CSU) not otherwise covered by a retirement system contribute to the DC Plan in lieu of paying Social Security taxes.
1994–95	DC Plan investment options expanded to include Fidelity Investments mutual funds. Plan participation extended to non-exempt student employees in lieu of paying Social Security taxes.

For services rendered in connection with the plans, an administrative fee equal to .0125% of the net assets is charged to the investment funds each month, based on the previous month's net assets. The fee is deducted before calculating the unit values and interest factors. Included in the administrative fee are charges for investment management.

Twice a year, UC Human Resources and Benefits sends each participant a personalized statement of account activity, showing contributions and earnings/losses in each investment fund and summarizing transactions during the period. Separate statements are sent to participants who have loans from the 403(b) Plan with details of loan and repayment transactions. Summary plan descriptions are updated periodically to reflect legislative, Plan, and administrative changes. These booklets are available through local Benefits Offices and are mailed directly to active participants once every five years, in line with ERISA disclosure requirements.

To help participants better understand the plans' benefits and effectively manage their accounts, UC maintains two electronic sources for participants to use to obtain direct information about the plans.

(1) [bencom.fone](http://bencom.fone) is an interactive, toll-free telephone service that is available 24 hours a day, 7 days a week, through which participants can retrieve personal financial information about their accounts and make certain Plan transactions. Brochures with complete information about [bencom.fone](http://bencom.fone) are available from the UC HR/Benefits Customer Service Center and local Benefits Offices.

(2) Participants who have access to the Internet can find current, comprehensive information about the plans on the UCbencom website at [www.ucop.edu/bencom](http://www.ucop.edu/bencom). Certain Plan transactions may also be made online on UCbencom.

## PLAN ADMINISTRATION SERVICES

Number of Accounts (Plan Balances)

## CHANGES IN THE PLANS

The following Plan changes occurred during fiscal year 1999–2000. The changes were mandated by legislation or recommended by the President of the University and

approved by The Regents. All currently effective Plan provisions are contained in the Defined Contribution Plan and Tax-Deferred 403(b) Plan documents.

### DATE

### CHANGE

January 2000

In accordance with federal tax legislation, 403(b) Plan distributions taken on account of hardship (defined as an immediate and heavy financial need) are no longer treated as eligible rollover distributions, which means they are subject to 10% (rather than 20%) federal tax withholding. Exception—if a hardship distribution includes any 403(b) Plan money attributable to a rollover from a former employer plan, that amount is considered an eligible rollover distribution and is subject to the 20% federal tax-withholding rate.

In accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA), employees on military leave who return to University employment may “make up” any required employee contributions missed during the period of military leave (the lesser of five years or three times the period of military leave). 403(b) Plan participants with a loan from that Plan may also suspend loan repayments during the period of military leave if they meet certain conditions.

March 2000

Adopted a new asset allocation strategy to maximize Equity and Bond Fund returns within acceptable risk parameters. For holdings in the Equity Fund, increases the percentage of assets allocated to investments in private equities and non-U.S. equities and invests certain percentages in broadly diversified U.S. equity and non-U.S. equity index funds. For fixed income investments in the Bond Fund, reduces the overall maturity of the bonds in the portfolio and limits the percentage of fixed income assets that can be invested in lower quality bonds and foreign bonds. Additionally, changed the benchmarks (the representative financial market indices against which fund performance is measured) from the S&P 500 to the Russell 3000 (for the Equity Fund) and from the Lehman Long-Term Gov’t./Credit Index to the Lehman Aggregate Bond Index (for the Bond Fund).

## CONTRIBUTIONS

Nearly all employees (except student employees who satisfy certain courseload requirements) participate in the DC Plan as a condition of employment. Mandatory and voluntary contributions are held in two separate accounts—the Pretax Account and the After-Tax Account. Mandatory contributions to the Pretax Account are based on covered compensation at rates specified by The Regents, and vary depending on whether the employee is a member of UCRP and, if so, the membership classification (see chart). Pretax Account contributions, which are deducted from gross salary and thereby reduce taxable income, may be invested in and transferred among any of the six University-managed investment funds, as well as among Fidelity Investments mutual funds.

### PRETAX ACCOUNT CONTRIBUTION RATES

UCRP Membership Classification	Contribution Rate
With Social Security	2% to 4% less \$19 a month*
Without Social Security	3% less \$19 a month
Safety	3% less \$19 a month
Tier Two	0%
Safe Harbor (Non-UCRP members; i.e., part-time employees and non-exempt students)	7.5%

\* The contribution rate is 2% of annual earnings up to the Social Security wage base (\$76,200 in 1999-2000), then 4% on any subsequent earnings.

Voluntary DC Plan contributions, which employees make on an after-tax basis, are held in the Plan's After-Tax Account. The maximum amount employees may contribute annually to the After-Tax Account is determined by the IRC §415(c) limit. Generally, this amount is the least of 25% of the participant's adjusted gross University salary or \$30,000. This limit applies to all annual additions as defined in IRC §415(c). These contributions are deducted from net income and also may be invested in and transferred among any of the University-managed funds and the Fidelity funds. Also in the After-Tax Account are direct and 60-day rollovers of UCRP accumulations from members who have left University employment, as well as rollovers from other employer-sponsored 401(a) and 401(k) plans.

The 403(b) Plan houses voluntary contributions that are made on a pretax basis only. Within certain IRC limits, which vary depending on the employee's salary, length of University employment, and prior contribution history, 403(b) Plan participants may make voluntary contributions as a percentage of their salary or in flat dollar amounts. 403(b) Plan contributions may be invested in and transferred among any of the University-managed funds, as well as among Fidelity Investments mutual funds and the Calvert Social Investment Fund.

The 403(b) Plan also accepts rollovers from other employer-sponsored 403(b) plans.

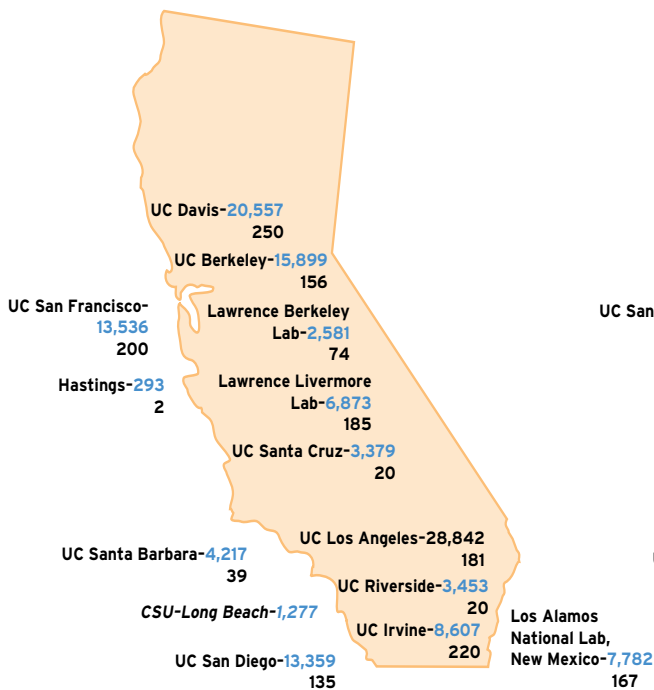

Participants' contributions to the UC-managed investment funds during the fiscal years ended June 30, 1991, through June 30, 2000, are listed in *Revenues By Source*, beginning on page 24.

# PARTICIPATION

At June 30, 2000, 130,655 active employees (including 1,277 CSU employees) were making mandatory contributions to the DC Plan Pretax Account and 1,649

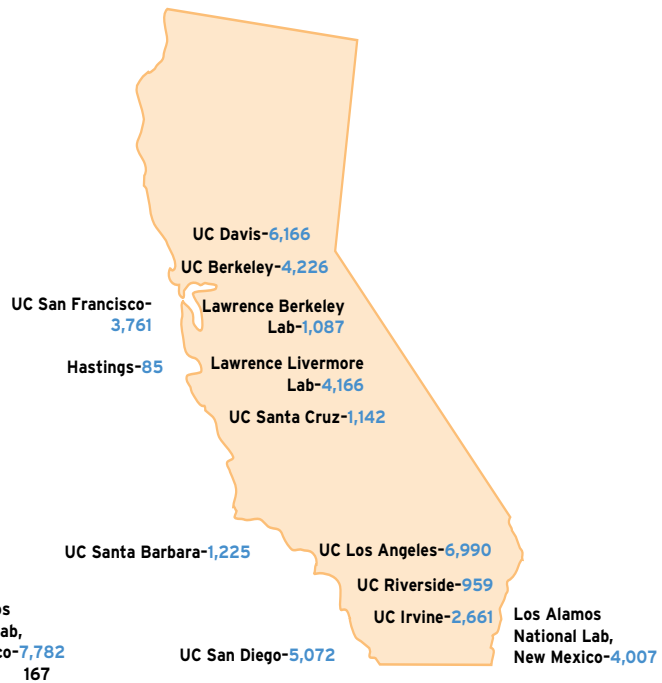

employees were also contributing voluntarily to the Plan's After-Tax Account. Participants contributing to the 403(b) Plan numbered 41,547 at fiscal year end.

**DC PLAN ACTIVE PARTICIPATION  
JUNE 30, 2000**

- Pretax Account
- After-Tax Account
- CSU Safe Harbor

**403(b) PLAN ACTIVE PARTICIPATION  
JUNE 30, 2000**

- 403(b) Plan

The following table shows the number of participant accounts in each investment fund as of June 30 of the fiscal years shown.

The numbers reflect participants who may have Plan accumulations in more than one investment fund.

### PARTICIPANT ACCOUNTS BY UC FUND

Year Ended June 30	Equity	Bond	Multi-Asset	Savings	Insurance Company Contract	Money Market
2000	94,228	23,717	32,220	361,478	11,137	7,796

1998	72,180	22,544	28,183	313,341	10,363	6,546
1997	59,455	19,611	24,693	301,222	10,455	6,400
1996	49,172	18,469	21,331	274,224	10,040	6,030
1995	37,982	16,484	17,900	233,203	9,831	5,892
1994	34,121	17,330	16,167	208,765	7,461	5,479
1993	29,845	14,337	11,647	190,363	6,963	5,598
1992	25,156	12,078	7,086	174,778	6,557	5,768
1991	19,412	10,347	2,087	149,453	6,658	5,769

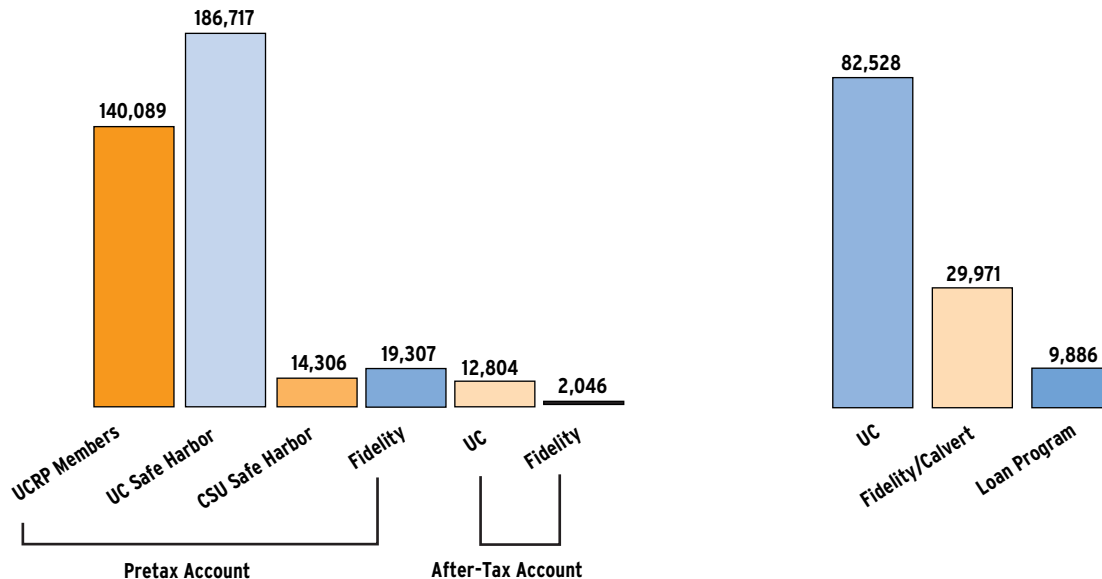

### NET ASSETS AND TOTAL ACCOUNTS BY PLAN

#### DC PLAN - \$1.7 BILLION

- Six University investment funds
- Fidelity Investments mutual funds

#### 403(b) PLAN - \$6.7 BILLION

- Six University investment funds
- Fidelity Investments mutual funds
- Calvert Social Investment Fund

## INVESTMENTS

### INVESTMENT MANAGEMENT

The plans' assets are held in commingled investment funds under a master trust arrangement. As Plan Trustees, The Board of Regents is responsible for the investment management of the six University-managed investment funds, consistent with fiduciary laws of the State of California. The Treasurer of The Regents is the investment manager and custodian for all of the trust's assets, exclusive of assets held in accounts through custodial agreements with mutual fund companies. The Treasurer's function is executed under the policies established by The Regents' Committee on Investments to protect the interests of all participants and their beneficiaries.

Trust assets are held separately under a custodial agreement with State Street Bank & Trust Co. The bank carries insurance against loss of property caused by employee dishonesty, theft, misplacement, damage, distribution, or mysterious disappearance.

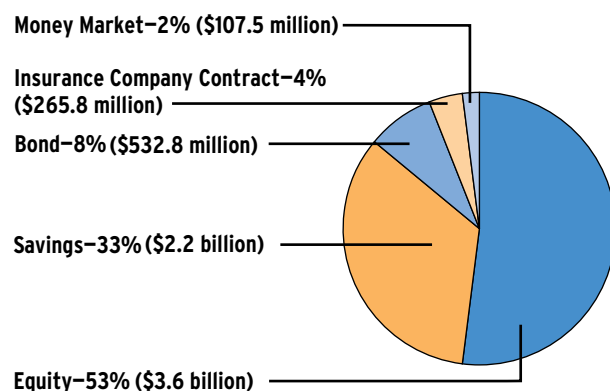

### PROXY VOTING POLICY

The following summarizes Regents' policy on proxy voting.

The Regents, as shareholder, have instructed the Treasurer to vote with management recommendations on most proxy issues that are of a routine business management nature. When the proxy issue is controversial or relates to social matters, it is submitted by the Treasurer to be voted upon by all members of The Regents.

## INVESTMENTS BY UC FUND

Of the six University-managed funds, the Equity and Savings funds comprise the bulk of the \$6.7 billion investment base. The chart below illustrates the percentages of investments held and the market value of the investments in each investment fund as of June 30, 2000. The Multi-Asset Fund is not represented in the chart because it consists exclusively of assets held in the Equity, Savings, Bond, and Money Market funds.

At June 30, 2000, the market value of the Multi-Asset Fund's investments totaled \$562,085,000, and investments accumulated among the four funds were as follows: 41% Equity, 33% Savings, 18% Bond, and 8% Money Market.

## INVESTMENT PERFORMANCE

The Equity, Bond, and Multi-Asset funds generate returns (gain or loss) through increases or decreases in the unit values. Similar to mutual fund share prices, unit values change each month based on the current fair value of the investment portfolio and are determined by dividing the net assets of the funds by the number of units outstanding. Earnings, as well as market fluctuations, are reflected in the unit values.

The Savings, Insurance Company Contract (ICC), and Money Market funds generate returns primarily through interest earnings, and interest factors represent the percentage earned for each dollar invested. Interest is calculated monthly on the net earnings of the respective fund and then allocated to participants' accounts on a pro rata basis.

## UNIT VALUES AND INTEREST FACTORS - JUNE 30, 1999-JUNE 30, 2000

Effective Date	Unit Values			Interest Factors		
	Equity	Bond	Multi-Asset	Savings	Insurance Company Contract	Money Market

## FUND OBJECTIVES

### UC-MANAGED INVESTMENT FUNDS

**Equity Fund** – Seeks to maximize long-term capital appreciation with moderate risk. Invests in common stock from high-quality, mostly large-capitalization, growth-oriented global companies; small representation in alternative equities.

**Bond Fund** – Seeks to maximize long-term total return through a combination of interest income and price appreciation. Invests in high-quality, longer-term government (U.S. and foreign) and corporate bonds from global companies.

**Multi-Asset Fund** – Seeks diversified total return with emphasis on interest income. Contributions to this Fund are invested in fixed percentages in the existing Equity, Savings, Bond, and Money Market funds.

**Savings Fund** – Seeks to maximize interest income while protecting principal. Invests in insured deposits and government-guaranteed securities with maturities of five years or less.

**Insurance Company Contract Fund** – Seeks to maximize interest income while protecting principal. Invests in pooled insurance contracts issued by select, highly rated insurance companies.

**Money Market Fund** – Seeks to maximize interest income while protecting principal. Invests in short-term securities with a weighted average maturity no longer than 90 days.

All of the funds are diversified among strategic asset classes or economic sectors, appropriate to the funds' individual investment objectives.

The charts below illustrate the diversity of the holdings within each Fund (excluding investments of cash collateral) at June 30, 2000.

### EQUITY FUND

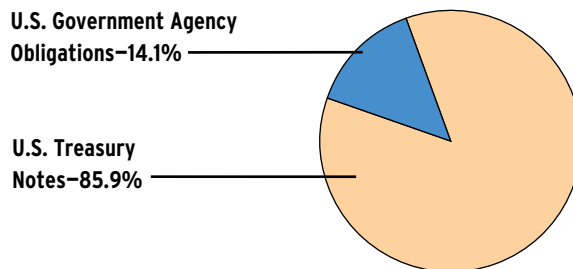

\* Other assets include alternative equity holdings.

### BOND FUND

### SAVINGS FUND

### INSURANCE COMPANY CONTRACT FUND

### MONEY MARKET FUND

## EXTERNALLY MANAGED MUTUAL FUNDS

In addition to the UC-managed investment funds, Plan participants may invest DC and 403(b) Plan contributions in externally managed mutual funds through Fidelity Investments. Participants in the 403(b) Plan may also invest in the Calvert Social Investment Fund Balanced Portfolio.

Participant accounts at the 2000 fiscal year end and contributions and transfers to these externally managed funds during fiscal 1999–2000 were as follows:

### DC PLAN MUTUAL FUND PARTICIPATION

	<i>(\$ in thousands)</i>	
	DC Plan – Pretax	DC Plan – After Tax
	Fidelity	Fidelity
Participant accounts at 6/30/00	19,307	2,046
Assets at 6/30/00	\$166,985	\$50,579
Contributions in fiscal 1999–2000	\$14,451	\$4,441
Net transfers between UC and Fidelity in fiscal 1999–2000	\$29,976	\$7,823

### 403(b) PLAN MUTUAL FUND PARTICIPATION

	<i>(\$ in thousands)</i>	
	403(b) Plan	
	Fidelity	Calvert
Participant accounts at 6/30/00	29,127	844
Assets at 6/30/00	\$1,454,830	\$19,924
Contributions in fiscal 1999–2000	\$91,714	\$1,403
Net transfers between UC and Fidelity and Calvert in fiscal 1999–2000	\$125,151	\$(1,009)

## TAX-DEFERRED 403(b) PLAN LOAN PROGRAM

As permitted by IRC §72(p), 403(b) Plan participants with at least \$1,000 in the University-managed investment funds can borrow their money in the Plan without incurring taxes or penalties. The Loan Program offers short-term loans with terms of five years or less, and long-term loans, available only for the purchase of a principal residence, with terms of up to 15 years. Monthly repayments of principal and interest, minus a servicing fee, are credited proportionately to the investment fund(s) from which the participant borrowed the money. The interest rate is fixed at the time the loan is granted and equals the most recent four-quarter average rate of return of the University's Short-Term Investment Pool. During fiscal 1999–2000, short-term interest rates ranged from 6.45% to 6.55%; interest rates on long-term loans ranged from 6.35% to 6.55%. The loan processing fee is \$50 per loan request; the servicing fee is 0.60% for short-term loans and 0.50% for long-term loans.

The table below reflects Loan Program activity during the past 10 fiscal years.

<b>LOANS FUNDED</b>		
<b>Year Ended</b>		<i>(\$ in thousands)</i>
<b>June 30</b>	<b>Number</b>	
2000	3,403	\$32,873
1999	3,534	\$32,552
1998	3,971	\$33,348
1997	3,567	\$32,561
1996	3,471	\$28,569
1995	3,136	\$24,687
1994	3,175	\$25,625
1993	2,784	\$21,277
1992	2,465	\$18,750
1991	1,933	\$16,619

At June 30, 2000, the aggregate outstanding balance of 9,886 active loans was \$67,667,000.

**Report of Independent Accountants**

To The Regents of the University of California:

In our opinion, the accompanying statements of plan net assets available for benefits of the University of California Defined Contribution Plan and Tax Deferred 403(b) Plan (the Plan) as of June 30, 2000, and the related changes in plan net assets available for benefits for the year then ended, present fairly, in all material respects, the net assets held in trust for pension benefits of the Plan at June 30, 2000 and changes in net assets for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for the opinion expressed above. The financial statements of the Plan as of June 30, 1999 and for the year then ended were audited by other independent accountants whose report dated September 17, 1999 expressed an unqualified opinion on those statements.

As described in footnote 1 to the financial statements, effective July 1, 1999, the University changed its accounting policy to include certain Plan employee participants' interests in mutual funds in the Plan's financial statements.

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental information included in pages 24 through 30 is presented for purposes of additional analysis and is not a required part of the financial statements. These schedules are the responsibility of Plan's management. Such information for the year ended June 30, 2000 has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in relation to the general purpose financial statements taken as a whole. The supplemental information for the other years presented was audited by other auditors whose report dated September 17, 1999, expressed an unqualified opinion.

# NOTES TO FINANCIAL STATEMENTS

Years Ended June 30, 2000 and 1999

## NOTE 1 – DESCRIPTION OF THE PLANS AND SIGNIFICANT ACCOUNTING POLICIES

General— The plans consist of two defined contribution plans structured under §401(a) and §403(b) of the Internal Revenue Code (IRC) of 1986, as amended. The plans were created to provide savings incentives and additional retirement security for all eligible University of California employees. The Defined Contribution Plan (the DC Plan) was established by resolution of The Regents of the University of California (The Regents) to accept after-tax contributions, effective July 1, 1967, and pretax contributions, effective November 1, 1990. The Tax-Deferred 403(b) Plan (the 403(b) Plan), also established by Regental resolution, became effective July 1, 1969. The Office of the Treasurer of The Regents of the University of California (the Treasurer) manages six investment funds to which participants may direct the investment of their contributions and transfer Plan accumulations as follows: the Savings Fund, Insurance Company Contract Fund, Money Market Fund, Equity Fund, Bond Fund, and Multi-Asset Fund. Participants in the 403(b) Plan may also invest contributions in and transfer Plan accumulations to external mutual funds offered through Fidelity Investments and the Calvert Group on a custodial-plan basis. DC Plan investment options were expanded effective November 1, 1994 to include contributions and transfers of Plan accumulations to Fidelity Investments mutual funds. Transfers and investment changes must be made in accordance with Plan provisions, and all contributions made to the plans are paid to and invested by the trustee in one or more of the available investment options.

Fidelity Investments and the Calvert Group provide recordkeeping and investment management for participants' investments in the mutual funds under their management.

Participants' interests in the plans are fully and immediately vested and are distributable at death, retirement, or termination of employment. Participants may also elect

to defer distribution of the account until age 70½ or separation from service after age 70½, whichever is later, in accordance with IRC minimum distribution requirements. In-service withdrawals are permitted in conformance with applicable IRC regulations. The plans also accept rollover contributions from other 401(a), 401(k), and 403(b) plans.

**BASIS OF ACCOUNTING**—The financial statements have been prepared on the accrual basis of accounting.

**DEFINED CONTRIBUTION PLAN**—Defined Contribution Plan Pretax Account contributions are required for all employees who are members of the University's defined benefit plan, the University of California Retirement Plan (UCRP). As a condition of employment, UCRP members are required to contribute a percentage of their gross monthly compensation on a pretax basis, dependent upon their UCRP membership status, as follows:

- i) For the 94,361 members with Social Security benefits: 2% of covered compensation up to the Social Security wage base, plus 4% of covered compensation in excess of the wage base, if any, less \$19 per month;
- ii) For the 8,558 members without Social Security benefits: 3% of covered compensation less \$19 per month;
- iii) For the 393 members with Safety benefits: 3% of covered compensation less \$19 per month.

There are currently 70 UCRP members who elected Tier Two membership status, in which they do not contribute to UCRP and, therefore, are not required to contribute to the Defined Contribution Plan Pretax Account.

The DC Plan Pretax Account also includes mandatory contributions from part-time, seasonal, or temporary employees at UC and the California State University who do not currently contribute to a retirement system (Safe Harbor participants).

Effective April 1, 1995, Safe Harbor participation was expanded to include certain UC student employees and resident aliens with F-1 and J-1 visa status. Safe Harbor participants contribute 7.5% of gross salary (up to the Social Security wage base) to the Plan in lieu of deductions for Social Security taxes.

All University employees, except students who normally work fewer than 20 hours per week, are eligible to make voluntary contributions to the Defined Contribution Plan After-Tax Account and defer taxation on the earnings until the accumulations are withdrawn. The maximum amount participants may contribute annually to the After-Tax Account is determined by the IRC §415(c) limit.

**TAX-DEFERRED 403(b) PLAN**—The Tax-Deferred 403(b) Plan is available to all University employees except students who normally work fewer than 20 hours per week. Participants may generally contribute annually, on a pretax basis, the lesser of \$10,500 (for 2000), 25% of their adjusted gross University salary (up to \$30,000), or their maximum exclusion allowance. Taxes on contributions and earnings thereon are deferred until the accumulations are withdrawn.

**VALUATION OF INVESTMENTS**—Investments are stated at fair value. Securities are valued at the last sale price on the last business day of the fiscal year, as quoted on a recognized exchange or an industry standard pricing service. Securities for which no sale was reported as of the close of the last business day of the fiscal year are valued at the quoted market price of a dealer who regularly trades in the security being valued. Interests in venture capital partnerships are valued based upon the valuations determined by the general partners of the respective partnerships. Investments in registered investment companies are valued based upon the net asset value of those companies. Insurance contracts, which are considered non-participating, have fixed rates and are non-negotiable, are valued at contract value, plus reinvested interest. Participants' interests in external mutual funds are valued daily by the registered

investment companies based upon the net asset value of those companies.

**ACCOUNTING FOR INVESTMENTS**—Investment transactions are accounted for on the date the securities are purchased or sold (trade date). Dividend income is recorded on ex-dividend date, and interest income is accrued as earned.

Contributions to the Equity, Bond, and Multi-Asset funds are credited to participant accounts as units. The value of a unit changes each month based on the current fair value of the investment portfolio. Earnings of each fund, as well as market fluctuations, are reflected in the unit values.

**ADMINISTRATIVE EXPENSES**—An administrative fee equal to .0125% of the net asset balance is charged to the University-managed investment funds each month, based upon the previous month's net assets. Administrative fees for the University-managed investment funds for the fiscal years ended June 30, 2000 and 1999, totaled \$9,391,000, and \$8,101,000, respectively.

**INCOME TAX STATUS**—The Internal Revenue Service has determined and informed the University by letter dated January 9, 1997, that the DC Plan and related trust are designed in accordance with sections of the IRC of 1986, as amended, applicable to defined contribution plans. The DC Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and is therefore qualified under §401(a) and the related trust tax exemption under §501(a). The Plan Administrator and the Plan's tax counsel believe that the 403(b) Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, including the amendments resulting from the Tax Reform Act of 1986 and subsequent legislation. Therefore, no provision has been made in the financial statements for federal income taxes.

DC Plan Pretax Account contributions and 403(b) Plan salary reduction contributions (and earnings thereon), as well as earnings on After-Tax Account contributions, are not subject to federal income taxes until the participant withdraws money from the Plan(s). In certain circumstances, Plan withdrawals may qualify for special tax treatment. Pursuant to the Unemployment Compensation Amendments of 1992, all “eligible rollover distributions” that are not paid in the form of a direct rollover are subject to a mandatory 20% federal income tax withholding. Loans taken by 403(b) Plan participants against their Plan accumulations are not subject to federal income taxes as long as they are repaid within the term of the loan—up to five years for short-term loans and up to fifteen years for long-term loans taken for the purchase of a principal residence.

**USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS**—The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets held in trust for pension benefits at the date of the financial statements and the reported amounts of changes in net assets held in trust for pension benefits during the reporting period. Actual results could differ from those estimates.

**ACCOUNTING CHANGE—MUTUAL FUND INVESTMENTS**—Effective July 1, 1999, the University changed its financial statement reporting method for accounting for Plan participants’ mutual fund investments offered through Fidelity Investments and the Calvert Group.

The cumulative effect of this change was an increase in beginning net assets of the plans of \$1.2 billion. If the mutual fund investments had been recorded as of July 1, 1998, the change in net assets for the year ended June 30, 1999 (unaudited), would have totaled \$1,101.9 million.

**RECLASSIFICATION**—Certain amounts in 1999 have been reclassified to conform with the 2000 financial statement presentation.

**NEW ACCOUNTING PRONOUNCEMENTS**—GASB Statement No. 35, “Basic Financial Statements—and Management’s Discussion and Analysis—for Public Colleges and Universities,” will be adopted by the University over the next two years.

The University is currently evaluating the effect GASB Statement 35 will have on its financial statements.

## **NOTE 2 - INVESTMENTS AND SECURITIES LENDING TRANSACTIONS**

The Regents are responsible for the management of the University’s investments and establish investment policy that is carried out by the Treasurer.

The equity portion of the investment portfolio may include both domestic and foreign common stocks and preferred stocks, along with alternative equities. Alternative equities include venture capital partnerships and buy-out funds.

The plans participate in the University’s Short Term Investment Pool (STIP). Investments authorized by The Regents for the STIP include fixed income securities with a maximum maturity of five years. Current funds for benefits and administrative expenses are invested in the STIP until expended.

The plans’ University-managed investment funds participate in a securities lending program as a means to augment income. Securities are lent to select brokerage firms for which collateral is received in excess of the fair value of such investments during the period of the loan. Collateral may be cash or securities issued by the U.S. government or its agencies, or the sovereign or provincial debt of foreign countries. Any collateral securities cannot be pledged or sold by the

plans unless the borrower defaults. Loans of domestic equities and all fixed income securities are initially collateralized at 102% of the fair value of securities lent. Loans of foreign equities are initially collateralized at 105%. All borrowers are required to provide additional collateral by the next business day if the value falls to less than 100% of the fair value of securities lent. The plans receive interest and dividends during the loan period, as well as a fee from the brokerage firm. Securities on loan for cash collateral are not required to be categorized. At June 30, 2000, the plans had no credit risk exposure to borrowers because the amounts the plans owe the borrowers exceed the amounts the borrowers owe the plans. The plans are fully indemnified by their custodial bank against any losses incurred as a result of borrower default. The

collateral and related obligations are reported on the *Statements of Plan Net Assets*.

Securities loans immediately terminate upon notice by either the plans or the borrower. Cash collateral is invested by the plans' lending agent in a short-term investment fund in the plans' name, with guidelines approved by the Treasurer. At June 30, 2000, the securities in this fund had weighted average maturity of 183 days.

The plans' University-managed investment funds also include certain mortgage-backed securities. These mortgage-backed securities are used to diversify the portfolio and reduce market risk exposure.

The composition of investments and securities lending transactions at June 30, 2000, is as follows:

## SECURITIES LENDING TRANSACTIONS

(\$ in thousands)

	Investments Owned			Total	Investment Of Cash Collateral	
	Not Lent	Lent for Cash Collateral	Lent for Securities Collateral		Total	Total
Investments, at fair value:						
Equity securities:						
Domestic	\$2,491,544	\$ 47,166	\$ 16,940	\$2,555,650		\$2,555,650
Foreign	356,878			356,878		356,878
Alternative	264,292			264,292		264,292
Fixed income securities:						
U.S. government	689,203	1,313,997	218,024	2,221,224		2,221,224
Other U.S. dollar denominated	501,748	1,354		503,102		503,102
Foreign	10,517	15,904	67,095	93,516		93,516
Insurance contracts	261,032			261,032		261,032
Short-Term Investment Pool	399,091			399,091		399,091
Participants' interests in externally managed mutual funds	1,692,318			1,692,318		1,692,318
Investment of cash collateral					\$1,408,241	\$1,408,241
	\$6,666,623	\$1,378,421	\$302,059	\$8,347,103	\$1,408,241	\$9,755,344

The investment that are owned and not lent, or owned and lent for securities collateral, are insured, registered or held in the plans' custodial bank as an agent for the plans. Investments of cash collateral are held by the plans' custodian and designated as Plan investments in the records of the custodian. Investments that are not categorized include venture capital/private equity fund, mortgage loans, insurance contracts, other investments, and investments owned and lent for cash collateral.

Net appreciation (depreciation) in fair value of investments and foreign currency exchange contracts includes both realized and unrealized gains and losses on investments and foreign currency exchange contracts. During the year ended June 30, 2000, the plans realized a net gain of \$468 million from the sale

of investments. The calculation of realized gains and losses is independent of the net appreciation (depreciation) in the fair value of investments held at year end. Realized gains and losses on investments and foreign currency exchange contracts that have been held in more than one fiscal year and sold in the current year may include the net appreciation (depreciation) of these investments and foreign currency exchange contracts reported in the prior year. The net appreciation in the fair value of investments during the year ended June 30, 2000 was \$627 million. This amount includes all changes in fair value, both realized and unrealized, that occurred during the year. The unrealized appreciation during the year on investments held at fiscal year end was \$159 million.

The components of the net appreciation of investments and foreign currency exchange contracts are as follows:

<b>NET APPRECIATION (DEPRECIATION) IN FAIR VALUE OF INVESTMENTS AND FOREIGN CURRENCY EXCHANGE CONTRACTS</b>	<b>2000</b>	<b>1999</b>
		<i>(\$ in thousands)</i>
Unrealized Appreciation (Depreciation)		
Equity and alternative equity securities	\$138,161	\$307,992
Fixed income securities	(43,915)	(52,826)
U.S. Treasury and Federal Agency obligations	(31,336)	(27,520)
Multi-Asset Fund	43,534	38,019
Foreign currency exchange contracts		(12)
Short-Term Investment Pool	(2,966)	(1,236)
Investment of cash collateral	838	(5,623)
Participants' interests in externally managed mutual funds	54,925	
Net Unrealized Appreciation	\$159,241	\$258,794
Realized Gains		
Sales of securities	\$468,095	\$185,083
Net Appreciation	\$627,336	\$443,877

**UNREALIZED APPRECIATION (DEPRECIATION) IN FAIR VALUE OF INVESTMENTS AND FOREIGN CURRENCY EXCHANGE CONTRACTS**

*(\$ in thousands)*

	2000	1999
Investments at fair value as determined by quoted market price:		
Equity and alternative equity securities	\$(215,551)	\$341,074
Fixed income securities	(72,381)	(81,420)
Short-Term Investment Pool	(2,966)	(1,236)
Investment of cash collateral	838	(5,623)
Participants' interests in externally managed mutual funds	54,925	
Investments at estimated fair value:		
Alternative equity securities	394,376	6,011
Foreign currency exchange contracts		(12)
<b>Total</b>	<b>\$159,241</b>	<b>\$258,794</b>

The total investment return on a units-of-participation basis, representing investment income minus administrative fees and appreciation on investments,

where applicable, for the years ended June 30, 2000 and 1999 was as follows:

**UNIVERSITY-MANAGED FUND TOTAL INVESTMENT RETURNS—UNITS-OF-PARTICIPATION BASIS**

	Equity	Bond	Multi-Asset	Savings	ICC	Money Market
2000	21.0%	3.0%	11.2%	6.0%	7.0%	5.8%
1999	25.0%	(1.1)%	11.2%	6.1%	7.2%	5.3%

**NOTE 3 - PLAN TERMINATION**

The Regents intend and expect to continue the plans indefinitely, but reserve the right to amend or discontinue the plans at any time by Regental action.

In the event of a full or partial termination, or upon complete discontinuance of contributions under the plans, the rights of all affected participants to the value of their accounts will be nonforfeitable.
